ArtMoorHouse is delighted to announce the solo show **CONTEXT** by Laura Zeni, curated by the renowned Italian curator Fortunato D'amico in collaboration with ArtMoorHouse curator Elisa Martinelli.

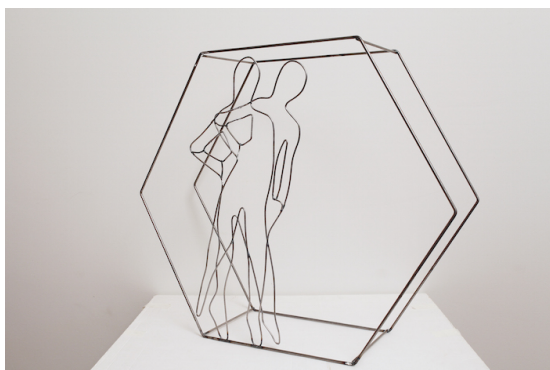

After her 2015 stunning solo shows in Milan and Rome, Laura Zeni presents in London a constellation of artworks which are the visual representation of man's most inner feelings.

Zeni focuses on the evolving psychological aspects of human behaviours where the structure of personals and collective beliefs influences the choices' construction.

Liquid bodies, multidimensional shapes and ultra thin threads are the depiction of complex relationships, energetic movements and multifaceted contexts.

We are the result of a network of interactions between the external environment and our individual inner universes.

Laura Zeni's research, free from any material restriction, aims for enlightenment.
